SELECTED WORKS

- "Uneven Development and Unlimited Supplies of Labor"
 - I develop a North-South model of trade where uneven development is driven by low-productive informal employment.
- "Arthur Bloomfield and the West Indian Federation"
 - Analyze Arthur Bloomfield's suggestions for Central Banking for the now defunct West Indian Federation. His analysis displays attentiveness to the specific conditions of the region and is still relevant for the West Indian countries.
- "A Simple Model of Group Conflict, Inequality, and Stratification" with Dr. Daniele Tavani (Under Review)
 - We develop a theoretical model that formalizes the main tenets of Stratification Economics.
- "WASH and Women's Empowerment in Haiti" with Dr. Alex Bernasek, Dr. Wisnu Setiati Nugroh, and Arisa Thongngam Under Review);
 - We use DHS data to find a significant impact of improved water and sanitation conditions on women empowerment in Haiti.

- "A Decline in International Income Inequality? Cross-National Income Convergence Revisited" with Dr. Anthony Roberts. *Sociology of Development*, Vol. 9, Number 4, pps. 408–432,;
- With a panel sample of 108 countries between 1981-2019, we find national income inequality reduces cross-country GDP convergence.
